

SUPPLEMENTARY REGULATIONS ASSISTANCE

This document has been constructed to assist in the preparation and submission of race meeting Supplementary Regulations to ensure a smooth passage to completion.

Clerk's of Course:

2 Required - one (1) to be a minimum of a grade 3 - (State list to be distributed soon)

Stewards:

Minimum of two (2) Stewards, one (1) to be a minimum grade 3. Stewards on the day decide on the appointment of a Chief Steward. The Chief Steward must be minimum level Grade 3. (Stewards can be temporarily substituted on the day but the number can never go above the number of stewards approved on the Supp Regs - and there must always be a minimum of 2 stewards at all times with at least one (1) grade 3 still in attendance.)

Changes to approved Supplementary Regulations:

Stewards:

As noted above stewards can be substituted temporarily if required – there must be at least one of the stewards from the day present to raise bulletins on the day to do this, and as noted above must have at least one (1) steward with minimum grade 3 level to be the chief steward. If stewards are not going to be present the State needs to be contacted so addendums can be raised to change/alter or appoint other Stewards.

Clerks of Course:

Regulations for a meeting do allow for 1 Clerk of Course. The issue with this is no racing is can be conducted if the Clerk is unavailable, for example if the clerk has to attend a hearing etc. the racing must cease, until he is available again. Hence the reason why in Queensland we are requesting to have 2 Clerks or at least an assistant to enable the racing to continue. Clerks of Course can only be changed by the State (Cannot be substituted by bulletin).

Other Officials

Other officials ie Grid Marshal etc can be changed by Bulletin on the day.

Classes

Classes and can **only** be changed / added by the State Management by way of Addendum to the already approved Sup Regs.

Changes to distances, fees, pre entry requirements can be approval by submission to the State Office in advance of final approval of SR.

Races

Number of races per class can only be changed by the state by way of Addendum. The officials on the day can however change the number of laps in each race by way of bulletin.
