

Race Calendar & Alterations

The Annual race meeting calendar is organized by the State Karting Council, in consultation with the affiliated clubs and Karting Australia, prior to each racing year. It is set out to minimize clashes between adjoining clubs and between “major” race meetings. This is obviously in the best interest of the clubs and the Karter.

Clubs within the same Zone may conduct Race meetings on the same weekend if agreement is made between the Clubs involved.

Once the Council finally adopts the race calendar, changes to the adopted race calendar can only be approved by the Council and in between Council meetings by the State Executive Committee with the consent of Karting Australia to prevent events clashing.

A calendar change must be requested a minimum 6 weeks prior to the proposed event.

Clubs will be advised the outcome of the application within 7 days.

**Approved – Council Meeting - Date / / Modified – Date 15 / 10 / 2006 Council Meeting
Date 15 / 10 / 2006**
